Alice Springs Masters Games &  
Christmas Edition - 2004

**WELCOME** one-and-all to this CROAKER an issue of importance to all members.

Over the page is a chart of statistics from the Alice Springs Masters Games 2004. Probably, without a doubt, the best MAD Frog representation for some years. The accumulated Medal Tally would be the envy of many Team Entrants. Well done and Congratulations to all participants. THREE rousing C R O A K S...

**SPECIAL MENTIONS:** Jim and Angie, John and Veronica for their dedication as volunteer officials. Setting up and pulling down duties prior to and after the Track and Field events/activities and then at the Masters Mile. ( Rumor has it Rebecca was heard to say she was going to plant a big Kiss on John as she crossed the mile line. Apparently he missed out on being too busy guiding the runners across the line. Oh Well!! )

To Jim for his 29.32m Gold, Hammer, M35. The only event he participated in during the Games and a record throw to boot.

**GET TOGETHER:** Meet at Lake Alexander Sunday 28<sup>th</sup> November. BYO the lot for a friendly end-of-year Celebration. Bring a guest/family if you wish, it's an open invite. 4.00pm onwards.
